Governor

September 16, 2004

Dear Sir or Madam:

The Air Resources Board (ARB) staff invites you to participate in a workshop to discuss potential updates to the State's on-road and off-road motor vehicle emissions inventory. In addition, we will briefly discuss efforts to update other areas of the emissions inventory where the State estimates emissions on a statewide basis. This includes consumer products, architectural coatings, livestock, pesticides, biogenics, wildfires, and other miscellaneous source categories. We are particularly interested in any comments or suggestions that you may have on these areas of the emissions inventory. Enclosure 1 presents the workshop agenda.

The updates are necessary to support the development of the 2007 and 2008 State Implementation Plans (SIPs) for the federal ozone and particulate matter standards. To ensure there is adequate time to complete the necessary air quality modeling to support the SIPs, we intend to include into the photochemical air quality modeling any emissions inventory modifications completed as of June 30, 2005. We understand that some emissions inventory improvements will continue and expect any regulatory measures to be based on the most complete inventory available at the time of the rulemaking.

Workshops will be held in northern, southern, and central California as noted below:

Date: October 19, 2004
Time: 10:00 a.m. - 4:00 p.m.
Location: Air Resources Board
1927 13th Street
(13th and "T" Streets)
Sacramento, CA 95814

Date: October 20, 2004
Time: 10:00 a.m. - 4:00 p.m.
Location: Air Resources Board
9528 Telstar Avenue
Annex 4 Auditorium
El Monte, CA 91731

Date: October 22, 2004
Time: 10:00 a.m. - 4:00 p.m.
Location: San Joaquin Valley APCD
1990 East Gettysburg Avenue
Fresno, CA 93726

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Website: <http://www.arb.ca.gov>.

California Environmental Protection Agency

Page 2

Public parking is available on R Street between 15th and 16th Streets in Sacramento. The daily rate is \$8.00 for the Sacramento lot. For El Monte, public parking is available along Telstar Avenue and in designated parking spaces. For the Fresno office, public parking can be found on the street adjacent to the office.

The Sacramento workshop will be webcast. You may access the webcast through the ARB website at www.arb.ca.gov, clicking on the "Webcasts" link on the left side of the Home page, and then following the prompts. Participants can submit written comments on the day of the workshop by sending an e-mail to: onair@arb.ca.gov. In the "subject area" please write "emission inventory question".

The meeting facilities are accessible to persons with disabilities. If accommodations are needed at the El Monte facility, please contact Mr. Jeff Long at (626) 450-6140 by September 24, 2004. If accommodations are needed at the Sacramento or Fresno facilities, please contact Ms. Sue Wyman at (916) 322-1659.

If you have any questions, please call me at (916) 324-8167, or e-mail me at rflatche@arb.ca.gov. If you wish to be informed of periodic updates, you may call Mr. Jeff Long at (626) 450-6140, or e-mail him at jlong@arb.ca.gov.

Sincerely,

/s/

Robert D. Fletcher, Chief
Planning and Technical Support Division

Workshop Agenda
Air Resources Board
Potential Updates to the State's Emissions Inventory

- 10:00 a.m. Welcome/Introductions
- 10:15 a.m. The 2007/2008 SIP Process and Timeline
- 10:30 a.m. Possible Modifications to the On-Road Mobile Source Emissions Inventory (EMFAC2002)
- Updates to New Emission Standards
 - Updates to Heavy-Duty Trucks (Emissions and Activity)
 - Updates to Fuel Correction Factors
 - Updates to Inspection/Maintenance
 - Updates to Vehicle Activity
 - Update to Other Miscellaneous Items
 - Others??
- 12:30 p.m. Lunch Break
- 1:30 p.m. Possible Modifications to the Off-Road Mobile Source Emissions Inventory
- Small Off-road Engines
 - Engines greater than 25 horsepower
 - Harborcraft, Cargo Handling, and Oceangoing Ships
 - Offroad Construction and Agriculture
 - Locomotives
 - Fuel Correction Factors
 - Others??
- 3:00 p.m. Possible Modifications to Other Emission Inventory Categories
- Consumer Products and Architectural Coatings
 - Livestock
 - Pesticides
 - Biogenics
 - Wildfires
- 3:45 p.m. Summary and Next Steps
- 4:00 p.m. End

Workshop Locations
